# OMNI | TABLE LAMP

Designed by Søren Ravn Christensen

Extending the UIMAGE lighting collection with another flexible and multifunctional lighting design: Omni table lamp.

Omni table lamp is where form and function are united. Made from brushed brass, Omni table lamp is a multifunctional table lamp with a 360 degrees light offering a practical yet stylish lighting solution for your desk or your nightstand. The light module can rotate 360 degrees, and the lamp's stem can turn 45 degrees to each side, ensuring that you can always cast light on whatever you need.

The lamp is dimmable with a button on the base of the lamp, and small holes in the light module will create a mesmerizing spectacle of rays when the lamp is on. A USB port is hidden by the lamp's base, making it possible for you to charge your phone or tablet – emphasizing the multifunctional aspect of the design.

Omni table lamp offers a discrete line of light that will remind you of the sun setting partially behind the clouds on the linear horizon of the sea, emphasizing how nature and sunset can connect in the apparent simplicity of a design.

The sleek and functional design of Omni table lamp will add a sophisticated touch to any desk, window sill or cabinet top and light up the dark autumn evenings.
