

Margin Floor Lamp

The Margin lighting family is designer John Asbury's modern interpretation of a classic luminaire. Exploring a tiered typology for lighting, Margin's intersecting shades gently diffuse the light and instantly set the tone with warmth and tactility. The softness of the fabric is tempered by a clean and graphic silhouette that lends a certain presence and volume to a space. It is the sense of proportions, along with details such as the linear element through the lamp, which sharpen the aesthetics and allow Margin's special character to unfold.
